TOP 5 MOST STREAMED SONGS

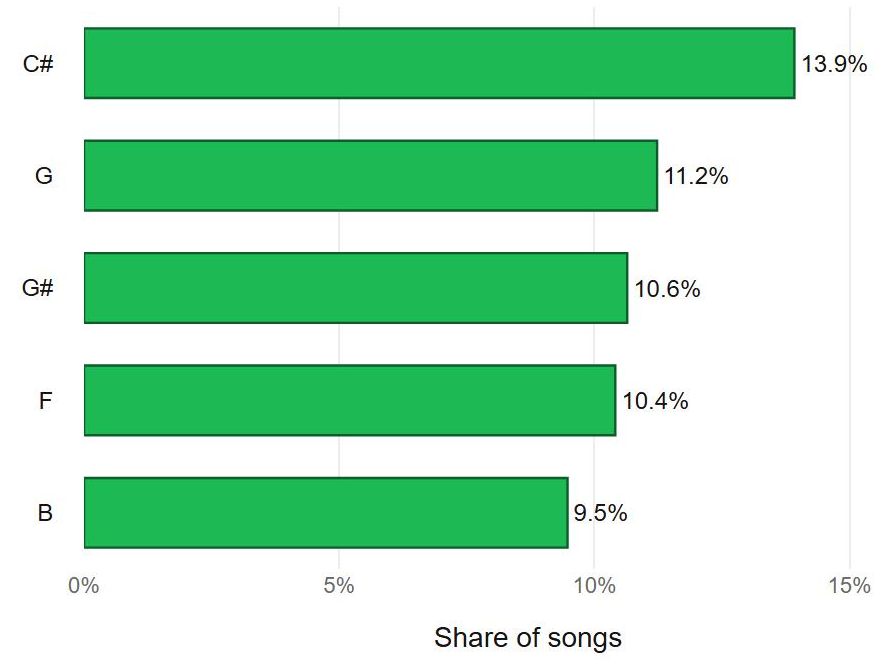

Cumulative Spotify streams per track

Blinding Lights leads with 3.70B streams, 4% ahead of Shape of You. The top 5 alone account for 3.2% of all streams. Streams are cumulative, so older songs have a head start.

TOP 5 KEYS

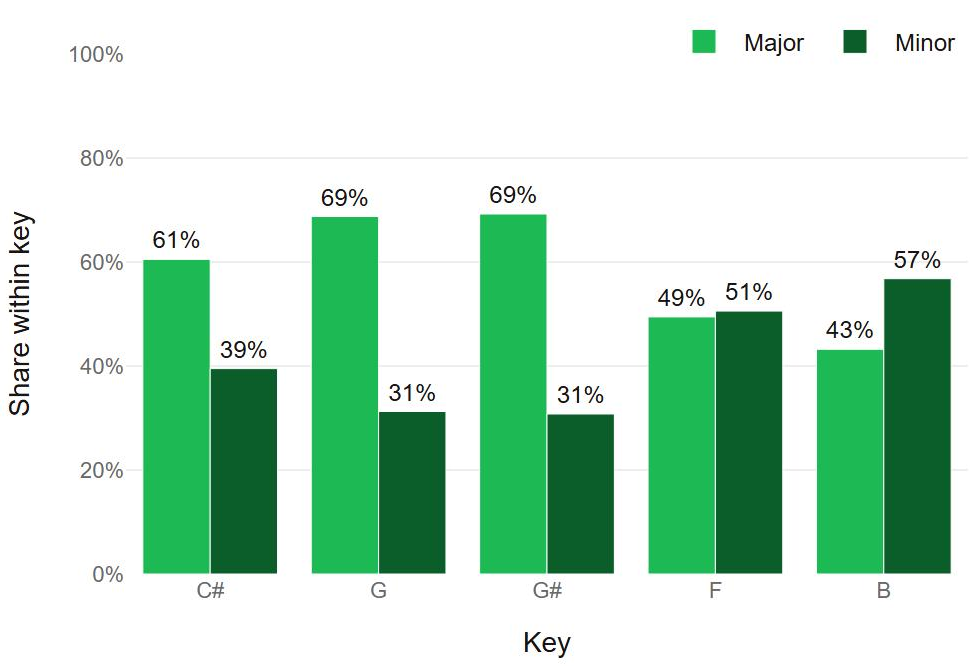

Most common musical keys (songs with a known key)

C# is the most common key (13.9%), followed by G and G#. The top 5 keys cover 56% of songs; 94 songs without a key are excluded.

MAJOR VS. MINOR IN THE TOP 5 KEYS

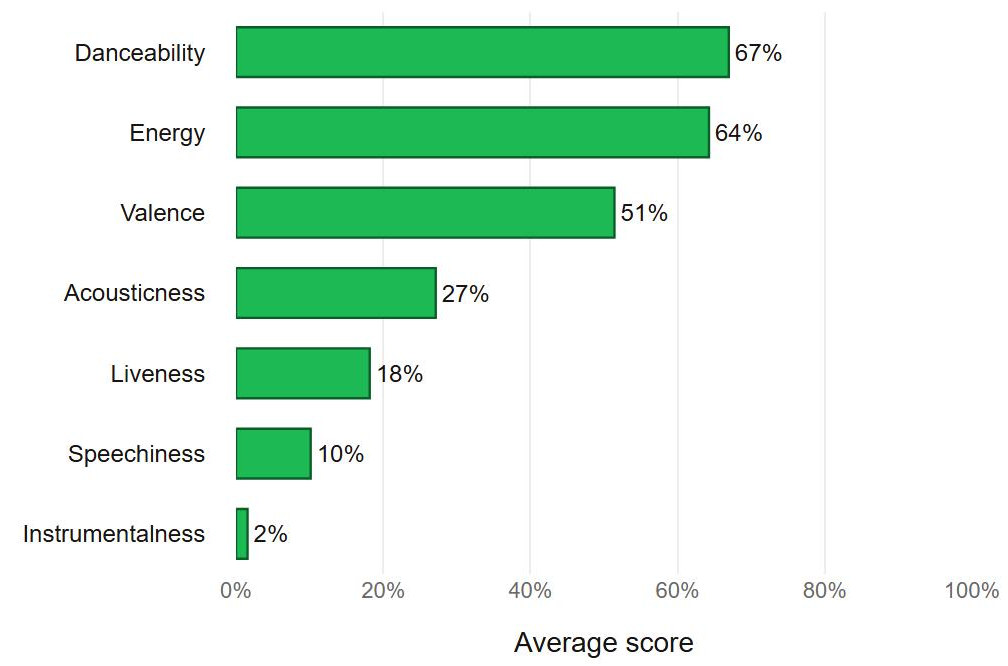

How each key splits into major and minor

Major dominates overall (58% of songs). Among the top 5 keys, **G#** is the most major-leaning (69%), while **B** leans minor (57%).

AVERAGE AUDIO FEATURES

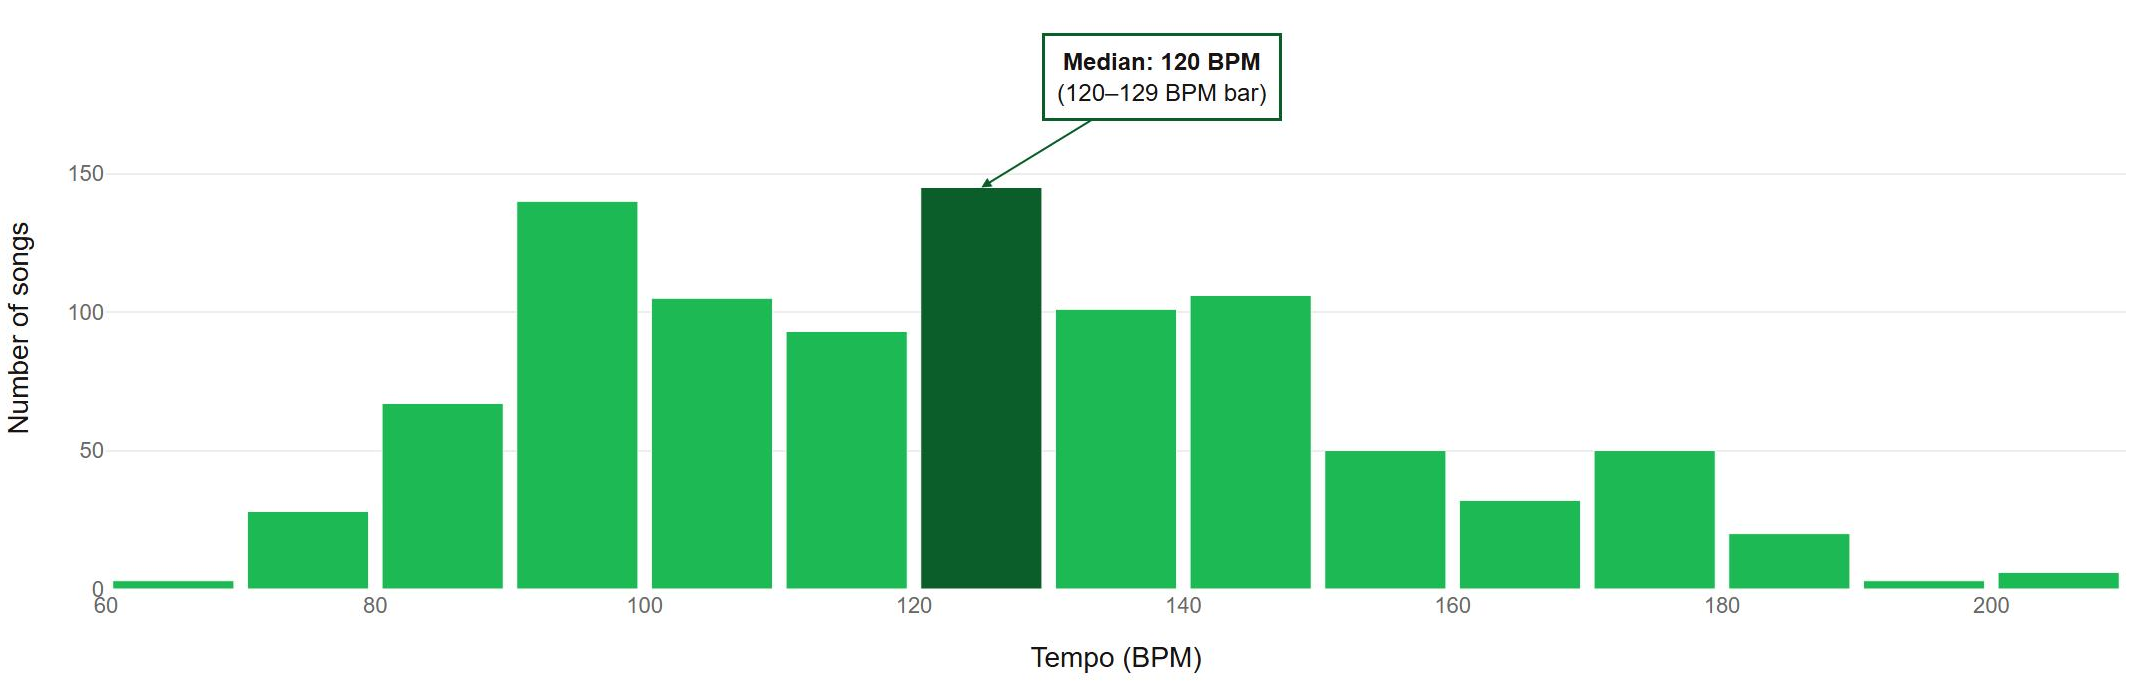

Mean score across all songs (0–100%)

Hits are built to be danced to: **Danceability** (67%) and **Energy** (64%) score highest. Instrumentalness averages just 2%, so vocals-driven tracks rule.

TEMPO DISTRIBUTION

Number of songs per 10 BPM range, darker bar = median

The median tempo is **120 BPM**. The busiest range is 120–130 BPM (145 songs), and 73% of songs sit between 90 and 150 BPM.

SPOTIFY SONGS 2023

Data: Most Streamed Spotify Songs 2023 by Nidula Elgiriyewithana (Kaggle)

Streams are cumulative, not limited to 2023. Key charts only include songs with a known key.
